Mayor Matt Dukes and City Councilman Rick Favors spoke regarding the upcoming Midwest City Momentum Sales Tax Extension election scheduled for vote on 12 September 2023. The following information is from a link from the midwestcityok.org/ciycouncil site:

On September 12, 2023, the City Council of Midwest City approved a sales tax extension proposal for election¹. The proposal is referred to as the Midwest City Momentum tax extension and would extend an existing sales tax currently dedicated to the renovation and upgrade of Midwest City's Water Resources Recovery Facility (WRRF)¹. The current sales tax rate would remain at 9.1% and the tax would no longer sunset¹. Under the new proposal, 80% of the collected sales tax would be dedicated to unfunded or underfunded capital improvement projects identified, proposed and approved each year by the City Council and by the City Manager¹. Twenty percent (20%) of the collected sales tax would be dedicated to maintenance, operations and upgrades to City of Midwest City Parks & Recreation facilities¹. Currently, the .4015% WRRF tax collected from Midwest City's portion of the 9.1% sales tax rate brings in approximately \$4.5 million per year¹. If approved, nearly 100 capital improvement projects have been identified that could utilize the tax dollars collected¹. Some of the projects could include improvements to drainage and stormwater controls throughout the city, improvements to sanitary sewer capacity throughout the city, extending utility services in areas throughout the city, improvements to streets throughout the city, parks master planning, and upgrades to antiquated park equipment and facilities¹. Voters registered within the city limits of Midwest City will be eligible to vote on this issue¹².

Next month's HOA meeting is scheduled for Thursday, 14, September at 6:30 p.m.

Meeting was adjourned at 8:03 p.m.
